SCANDINAVIA

The Garden Haven
BLACK LABEL Collection
2015 - 2016

a BEAUTIFUL
performance

Enduring Colour

Sunbrella colours stay strong and vibrant, even through intense sunlight exposure and cleaning with bleach.

Sumptuous Hand

Sunbrella fabrics are as soft and inviting as they are durable.

Dramatic Effects

Sunbrella fabric is available in hundreds of solids, stripes and textures as well as exquisite decorative jacquards.

Worry Free

Sunbrella fabric resists stains and fading, so you can stop worrying about your fabric and enjoy life.

UNLIMITED DESIGN

UN DESIGN SANS LIMITES

No more borders between indoors and outdoors – the new Sunbrella® In&Out collection is truly an invitation to travel.

Unexpected and inspiring, this collection frees the imagination and stimulates creativity, making the field of endless possibilities.

It provides architects, decorators and designers alike with an infinite range of combinations of subtle and sophisticated colors and materials.

Plus de frontières entre l'intérieur et l'extérieur, la nouvelle collection Sunbrella® IN & OUT est une véritable invitation au voyage.

Inattendue et inspirante, cette collection libère l'imaginaire et la créativité en élargissant le champ des possibles.

Architectes, décorateurs et designers disposent d'une palette infinie de combinaisons de couleurs et matières à la fois subtiles et sophistiquées.

The Sunbrella® IN & OUT collection includes 161 references, 93 of them brand-new.

Greys and naturals, coppery and iridescent tones, cheerful hues... a wealth of refined, natural and luminous colors and high-end fabric constructions are available to add comfort and class to any living space, whether indoors or outdoors.

Grey & Naturals

Grey & Naturals

Happy
Colors

161 références parmi lesquelles 93 nouveautés constituent la nouvelle collection Sunbrella® IN & OUT.

Grey et naturels, cuivrées et irisés, happy colors: une richesse de couleurs raffinées, naturelles et lumineuses, et des constructions de tissus haut de gamme qui habillent tout lieu de vie aussi bien intérieur qu'extérieur.

ULTRA DURABLE, THROUGH AND THROUGH

Sunbrella® fibres are steeped in top quality dyes during the actual manufacturing process, when the acrylic is still liquid. As a result, the fabric's yarn is colored all the way to the core so its original vibrancy lasts on and on.

There's absolutely no comparison to ordinary procedures whereby the yarn or fabric is simply dipped in dye which therefore only penetrates the outer layers.

Tested to meet ISO 105 B02 and ISO 105 B04 standards, Sunbrella fabrics score as follows:

- UV color fastness (ISO 105 B02): 8/8.
- Weather condition color fastness (ISO 105 B04) : 4-5/5.

DES TISSUS PROFONDÉMENT DURABLES

Les pigments de haute qualité Sunbrella® imprègnent la fibre pendant sa fabrication, quand l'acrylique est encore liquide. Il en résulte un fil coloré "à coeur" et un tissu qui offre une tenue, une résistance et une durabilité de couleur exceptionnelles.

Aucune comparaison avec les tissus ordinaires, dont la couleur, obtenue par simple trempage du fil ou de la toile, ne pénètre que la couche supérieure.

Testés selon les normes ISO 105 B02 et ISO 105 B04, les tissus Sunbrella ont obtenu les notes :

- Solidité coloris UV - ISO 105 B02 : 8/8
- Solidité coloris intempéries - ISO 105 B04 : 4-5/5

INCREDIBLY EASY TO MAINTAIN

INCROYABLEMENT FACILES À VIVRE ET À ENTRETENIR

THE FINISHING TREATMENT APPLIED TO ALL SUNBRELLA® FABRICS REPELS LIQUIDS AND DIRT, MAKING THEM EXTREMELY EASY TO KEEP CLEAN YEAR AFTER YEAR.

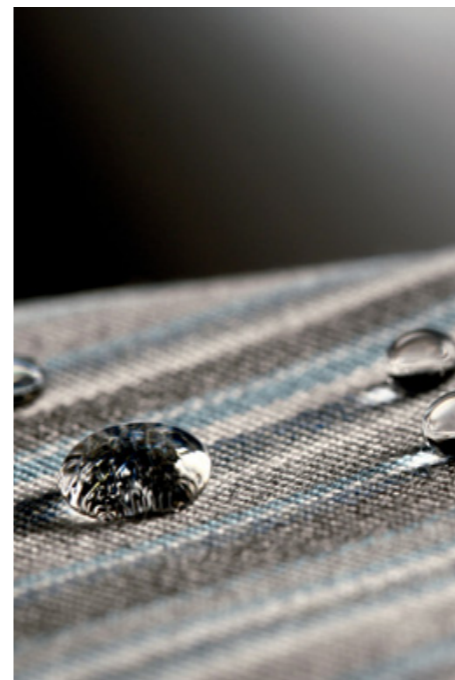

Cleaning :

- Sunbrella fabrics can be machine washed at 40°. Let air dry.
- Fabric covers that cannot be removed for washing can be cleaned with a soft-bristle brush and soapy water (add 50 ml of bleach per liter of water in case of tough or stubborn stains). Rinse with clear water and let air dry.

LE TRAITEMENT DE FINITION APPLIQUÉ SUR TOUS LES TISSUS SUNBRELLA® REPOUSSE LES LIQUIDES ET LES SALISSURES. CE QUI SIMPLIFIE INCROYABLEMENT LEUR ENTRETIEN.

Entretien :

- Les tissus Sunbrella sont lavables en machine à 40°, et sèchent à l'air libre.
- Les tissus des produits non déhoussables sont lavables à la brosse douce avec de l'eau savonneuse (additionnée de 50 ml de Javel par litre d'eau en cas de taches tenaces). Rincer à l'eau claire et sécher à l'air libre.

* Except/sauf Sunbrella Sling :

ENVIRONMENTALLY FRIENDLY

RESPECTUEUX DE L'ENVIRONNEMENT

A quality that meets human-ecological requirements.

Awarded with the OEKO-TEX label (class II – products with direct contact to the skin), Sunbrella® fabrics are made without any identified harmful substance that could be a danger to health, skin and the environment.

Une qualité respectueuse de l'écologie humaine.

Labellisés OEKO-TEX (classe II – produits en contact direct avec la peau), les tissus Sunbrella® sont produits sans substance identifiée « à risque » pouvant présenter un danger pour la santé, la peau et l'environnement.

Sunbrella fabrics provide excellent sun protection.

The Skin Cancer Foundation recommends Sunbrella® as an effective means for preventing skin damage from UV rays. Regular use of shade-creating devices made with Sunbrella® fabrics, along with regular use of sun screen, boosts protection against the sun's harmful rays.

*except translucent Sunbrella® fabrics, such as Velum fabric (XL collection).

Les tissus Sunbrella procurent une protection solaire maximale.

La Skin Cancer Foundation recommande Sunbrella® en prévention des dangers du soleil pour la peau. Les produits d'ombrage Sunbrella, associés à l'utilisation régulière d'une crème solaire, forment un programme de protection renforcé.

*ne concerne pas les modèles translucides Sunbrella®, tel Sunbrella Velum.

Improving the quality of indoor air.

The materials used on indoor furniture have a direct impact on the surrounding air quality. The Greenguard certification proves that Sunbrella® fabrics meet particularly tough standards in terms of chemical emissions. Sunbrella® fabrics help to create a healthy indoor environment.

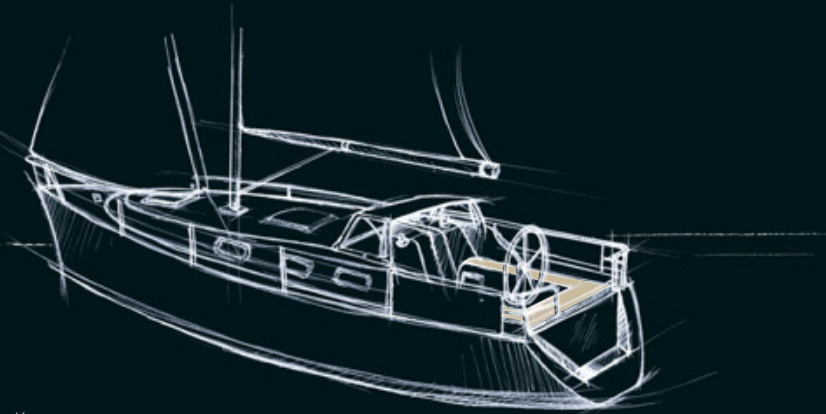

Des qualités pour l'air intérieur.

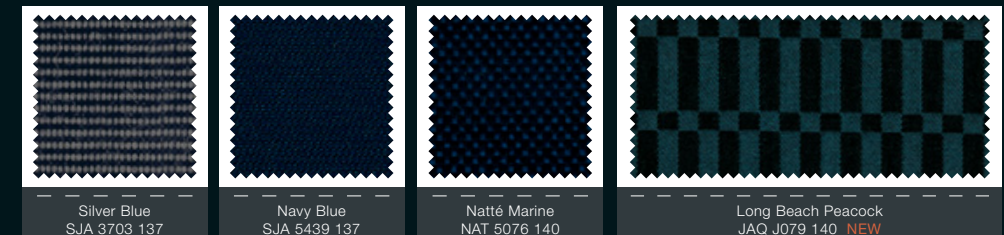

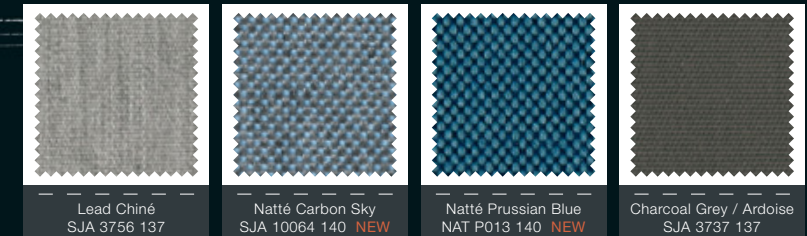

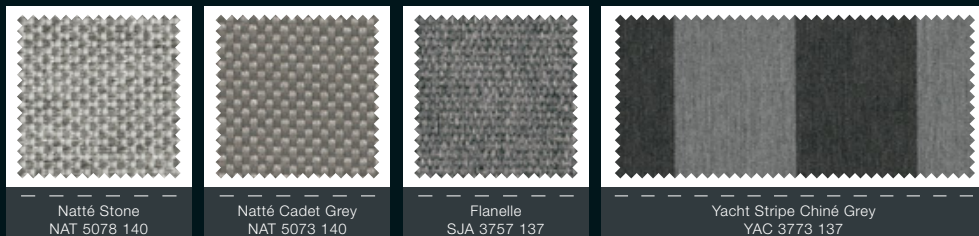

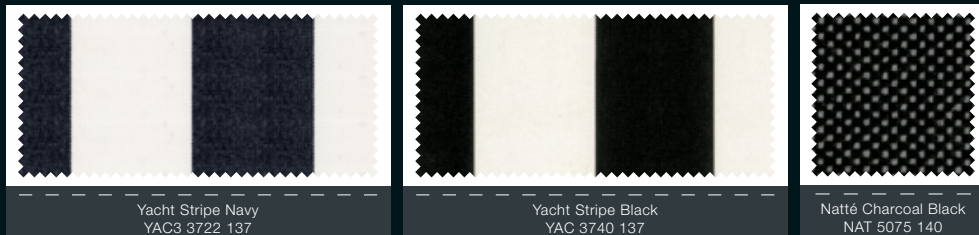

Les matériaux utilisés en ameublement intérieur impactent la qualité de l'air intérieur.

La certification Greenguard atteste que les tissus Sunbrella®, respectent des normes particulièrement exigeantes en matière d'émissions chimiques. Les tissus Sunbrella® contribuent à créer un environnement intérieur sain.

Care and cleaning

Comfortable, beautiful, and oh so liveable, Sunbrella fabric makes the dining or living room as worry-free as the outdoor room. It's amazingly easy to maintain, and most spills can be cleaned with mild soap and water. For tough stains, bleach can be used without fear of damaging the fabric or removing the colour. With this kind of durability and a wide range of styles, what's not to love?

One of the best ways to keep Sunbrella fabrics looking good and to delay deep or vigorous cleaning is to properly maintain the fabrics. This can be accomplished by simply brushing off dirt before it becomes embedded in the fabrics, wiping up spills as soon as they occur or spot cleaning soon after stains occur.

General or light cleaning

- Brush off any loose dirt.
- Machine wash at 40°C or hand wash as follows:
- Prepare a cleaning solution of 60 ml mild soap for 4 l of lukewarm water (less than 40°C).
- Clean with a soft bristle brush and allow cleaning solution to soak into fabric.
- Rinse thoroughly and allow fabric to air dry.
- If necessary, use an iron set to "synthetic fabric" heat. DO NOT use a steamer or an iron with steam setting.

Heavy cleaning for stubborn stains and mildew

Sunbrella fabric does not promote mildew growth, however, mildew may grow on dirt and other foreign substances that are not removed from the fabric. To clean mildew, or other stubborn stains:

- Prepare a solution of 240 ml of bleach and 60 ml of mild soap for 4l of clean water. Spray on entire area and allow to soak into the fabric.
- Scrub vigorously with a soft bristle brush, rinse thoroughly and allow fabric to air dry.

For removable Sunbrella fabric umbrella and cushion covers, machine wash in cold water (less than 40°C). Depending on wash load size, use normal amounts of mild laundry soap and add 240 ml of bleach if needed. Allow fabric to air dry. If stain and/or mildew are severe, bleach quantities may be increased.

Re-treating the fabric for ease of cleaning

Sunbrella fabrics have a special finish that enhances water repellency. The finish is designed to last for several years of normal use, but may be refreshed with 303 High Tech Fabric Guard™, the preferred re-treatment product for Sunbrella fabrics.
